FEDERAL GOVERNMENT PROJECT

Overview

Law Image was engaged by the Federal Government to convert tens of thousands of hard copy documents into electronic format.

Challenge

These documents were fragile, old, and included handwritten notes and classified as highly confidential.

Solution

Law Image thoroughly complied with the extensive security arrangements required since the data was highly confidential.

Results

With a tight deadline, the staff at Law Image worked around-the-clock to deliver the project well in time of the schedule.

LAW IMAGE EASILY MET THE DATA SOVEREIGNTY REQUIREMENT AS WE OPERATE A FULLY ONSHORE SERVICES MODEL.
